Allison Reid's world is turned upside down when a beautiful but sadistic vampire, Rafe, attacks her. Sure that she is going to die, Allison never expects to be saved by another demon, a darkly handsome vampire named Brynden. She soon comes to realize that Brynden is not the monster that she believes him to be, and he vows to protect her from Rafe.

Brynden McCray despises his vampiric nature, and he swears that he will keep his distance from the lovely Allison. But the sensual connection between them is undeniable. When Allison's submissive nature is revealed, the Dominant in Brynden finds it impossible to stay away from her. As Allison finally begins to explore her long-harbored sexual fantasies, she finds herself falling hard for the vampire. Can they overcome the divide between the living and the undead?

Denice says

Cover: Its fine...

Allison:

From the start, I was also wondering what she is... How could she resist Rafe's commands... It was good that her best friend urged her to do what she really wants, and because of that she met Brynden, and unfortunately, Rafe too...

The only problem I had with her was her first reaction when she waked up after the attack... She was willing to kiss a total stranger... Even if he saved her, she should not do that... I felt that she was desperate to have a man... But I guess, her reaction to Brynden was because of their bond...

Brynden:

I like his name... He's the traditional vampire... I mean he's not allowed under the sun and he had to be invited before he can enter anyone's house... Anyways, he was crazy when he learned what Allison did to him (near the end of the story)... He laughed but according to him, that's what he wants...

Story:

The story contains Allison's fantasies coming to life, BDSM fantasies... With Brynden's help she was able to live the lifestyle she always wanted... Those scenes were alright, but sometimes they were too long for me...

The thing I like about the novel is that it made my heart pound when Allison was with Rafe (also near the end)... I really thought she was a goner, but it was a good thing that she can resist his commands...

Overall, the story was good.. And if you're not comfortable with BDSM, then don't read this one...

Happy Reading!!! Thank you!!!

Devildog says

I had a problem with Allison being so accepting of vampires and other supernatural beings. Just to say, if I were kidnapped by being galmoured and almost raped and bitten by a vampire, I would have been freaked out. I liked Bryden was a Dom vampire and he found Allison so submissive but there wasn't enough power play between characters. The story had many supernatural twists to keep you reading to see what would happen next but in the end, the story line was lacking.

Jennifer says

Yep this was a good one. Some real shockers! I cant wait to read the next one!

Cindy says

Pretty good for a free offering from Amazon. Editing was pretty good with only a few places that could have used some help. The story was good - a couple of things that I didn't buy but overall a good story.

Leisa Prater says

I loved the concept of a vampire Dom.....very hot and I didn't stop reading until I finished...AWESOME read!!!!!!
