Hayley Johnson says

A nice read.

Included a range of themes from all parts of the bible. Not the most thought provoking book I've read but good to remind yourself of God's will during times of suffering.

Cristina Collazo says

Let God Fight Your Battles: Being Peaceful in the Storm by Joyce Meyer Its a good short read with interesting revelation on spiritual warfare with how to guide on letting God fight for you while you wait on God.

Julie says

This is my first Joyce Meyer book and I was a little skeptical going into it. But I think she did a wonderful job addressing the subject matter, including appropriate scripture and keeping all of her statements Bible based. My only complaint is that I believe she should have read it herself. I think that would have made it even more effective. (To clarify this, I "read" the audio book version!)

Terri Fleming says

I have read many of Joyce Meyer's books and consider her one of my favorite readers. I have always found at least a nugget or two that I will carry with me. I had trouble with that in this book. I would highly recommend the author, just not this book.

Kristy says

I loved it. A nice reminder to stay in peace and let God fight your battles.

Shannon Becker says

I love Joyce Meyer. She has a great ability to make the Bible relatable to every day life. She has great explanations and no matter how many of her books I read or podcasts I listen to, I always end up with several pearls of knowledge and inspiration.

Barine Frank says

nice book

Lori says

I always enjoy Joyce's books for her insight into God's word. I was disappointed though that the audio book was not read by Joyce herself.

Kathy Worrell ? says

I think Joyce Meyer is a very powerful woman. I always learn something new with each book she writes.

Edward O' Riordan says

Powerfull

Powerfully God help me to believe more. Joyce is a very good teacher. I can see how one would get positive from these books.

Martha says

Trusting God to fight my battles requires letting go of self-sufficiency. Some of us struggle with being able to do it all ourselves. This book challenged me to relax, to let go and let the Creator take care of my battles. We all have them, but how we navigate them determines our health and well being. It was the perfect book at the perfect time for me.

Betsy says

Sit back and relax

I was so worried about my current trials and how I was going to fix it. After reading this book, I realized it is not my place to figure it out. I need to give my trials to God, and worship Him while he rescues me.

Casandra McCann says

This book was very repetitive and it was hard for me to finish. I got the message after the first 50 pages or so.

Michelle Stevens says

As always this is another book that is a must have. it is small but powerful, a really good read.

Kevin Wilson says

This is a great book to read.

I really enjoyed reading this book. I learned to let God fight my spiritual battles. I also learned to trust God.
