**Madcap Miss** Claudette Williams , Claudy Conn

Miss Felicia Easton, holed up happily at Easton Manor, was quite content with her unchaperoned state, thank you very much. The last thing she needed was to be summarily fetched to see her ogre of a guardian, the elderly Duke of Somerset.

And so she fled with her childhood friend, Scott—only to run into a highwayman!

Thank heavens Glen Aston happened along when he did, insisting the two runaways recover from their shock at a local inn.

But it was some time before the flirtatious Felicia and the highly susceptible Ashton realized they had more in common than a chance encounter in the countryside, for the Duke of Somerset had passed away, and Ashton was now Felicia's guardian.

And this guardian didn't appreciate being bamboozled by a slip of a girl, lovely though she might be!

## **From Reader Review Madcap Miss for online ebook**

### **Lissa says**

I can always rely on a good story and quick read with any of Claudy's books. Enjoyed.

---

### **Kat Desi says**

Freebie on Amazon! Cute story about a couple who are brought together by circumstance and coincidence. It was good, but also nothing really special even if I find it well written with a crazy plot and a set of lovely characters.

---

### **Staci Simmons says**

Claudy Conn has done it again! I absolutely loved this story and the characters in it! Once I picked it up, I could not put it down! I would recommend you grab your copy and see what the fuss is all about!

---

### **Marjorie says**

#### **Beautiful story**

I believe I have read this before, because I used to buy books. I read it over as it is intriguing to read. Love story from the start.

---

### **Exerillia Destruction says**

#### **Another HOT Claudy Conn regency romance!!!!**

This story grabbed me from page one and I couldn't put the book down until the story ended! Another MUST READ Claudy Conn romance!!!!

---

### **Betty says**

I'm an avid fan of Claudy Conn and this regency romance does not disappoint. \*Warning\* There is some sexual content.

Felicia Easton has lost her parents and has been living at her home, Easton Manor, being taken care of by her staff. She'll be turning 21 soon and will be able to live the life she chooses until she receives a letter from her guardian, the Duke of Somerset. He is coming for her and from his letter she thinks he's going to take her away. She thinks he's going to marry her off and she's not having it. Her childhood and best friend, Scott

Hanover, hatches a plan to take Felicia to London to his aunt. On the way, Scott is shot by a highwayman. Luckily, a gentleman comes along in a carriage and takes them both to a safe inn. She introduces herself and says they are brother and sister. The gentleman is Glen Ashton, a handsome rogue and they are very attracted to each. Glen knows that Felicia is hiding something from him.

Glen Ashton, the Duke of Somerset has inherited his uncle's holdings and the guardianship of Felicia Easton. He has no choice but to do the right thing by her. On his way, he comes across a young woman and her brother who was shot. He is told of the story and he takes them to a safe inn. The doctor is called and Glen makes arrangement for their stay and some new clothes for them. He's become quite taken with Felicia as she is with him. She's a beautiful "madcap" that drives him crazy and he drives her crazy because of his code of honor.

Will these two find out who they really are and can things work out for them? Loved the secondary characters of Scott and the girl he falls in love with, Rebecca Wilson who becomes Felicia's dear friend and then their is Glen's sister Lady Daphne Waverly and her husband Freddy who sponsor Felicia for her season. They all made this story. There is romance, adventure, danger and some fun hijinks. I loved this story and so highly recommend it!

### **Deborah says**

#### **Thank Goodness For Friends**

This is a sweet sensual romance that will make you laugh. She decides that she is not going to do what she thinks her guardian wants, so she makes a run for it with her best friend. And of course all kinds of situations occur when you leap before you look at all aspects of something. This is a fun quick Regency romance that is entertaining and a nice way to spend some time. Enjoy I did!

---

### **Delta says**

HIGHLY predictable, far-fetched plot points, but a likeable, plucky heroine and still some fun to read...

Free at Amazon and Apple iBooks 08-21-15 (historic fiction romance)

### **Dawn Sullivan says**

Another delightful tale from the very talented Claudy Conn.

In this love story we get a wildly creative plot and intriguing characters.

These characters pull the emotion from you and amuse you at the same time.

Felicia (Flip) is a spit fire, She finds herself in a bit of a situation. Her Guardian informs her that he is

coming to fetch her to marry her off. But she will be having none of that. She and her best friend Scott make a plan. He wants to help her. So they set off and start their plan in motion, well their plan does not work as they wanted HaHa!! I can't say more or I will spoil it :)

In their travels they meet the mysterious Glen Ashton who manages to save them. Felicia is very grateful and Glen really does not know what to make of this spit fire of a girl.

Can Felicia keep up the ruse that she and Scott planned or will she open up to Ashton?

Can Ashton help the beautiful Felicia? and in the process will he lose himself and his heart her. He knows she is unlike any other woman he has ever met.

Read this! Expect to laugh, sigh and may be even cry! Loved this book and you will too!

My Rating: 5 Stars

## REVIEW

We have Felicia who has heard that her Uncle and Guardian is coming to fetch her and force her into marriage she is refusing. Her best friend Scott has an idea and they are off to his Aunts in London. However along the way they are ambushed and Scott is injured.

A stranger who she learns is named Glen Aston helps her to get Scott to a safe Inn and fetches the doctor.

Felicia is struck dumbfounded by this very handsome stranger and Is unsure whether she can trust this man but she agrees to do so.

Felicia is falling fast for this tall, dark and handsome man.

She dreams of falling in love before marriage and Glen himself felt that same way once.

Can Glen Ashton be the man and savior Felicia is looking for?

What of it when Felicia finds out who he really is?

Will Felicia's need to help others be the death of Glen Aston?

Lady Daphne arrives at Easton Manor but finds the one who she is sent to take charge of is no longer there which that person is Flip aka Felicia. And if you read the story you will find out just who Lady Daphne is and who she is related to.

As with all of Claudy Conn's books the heroine is not a sissy baby oh no they are strong willed, outspoken , and loyal above all else. Felicia is a hot cannon ball for Glen Ashton. And of course we get a bit of comedy in the book also.

Well grab your copy

Claudy Conn

### **2.5 Fluffy Stars**

*"I am your guardian, nothing more."*

*Madcap Miss* was a freebie on Bookbub yesterday and reading the reviews I eagerly downloaded it. Sadly, my expectations were a bit too high. This is my first Claudy Conn book, and while it wasn't as wonderful as the reviews claimed, it was still a decent read.

Glen Ashton, the new Duke of Somerset learns that he inherited a ward that needs to be handled. He set off to meet her and met a young lady on the road whose brother has been shot. He assists them, becomes attracted to the innocent, but madcap, young woman and ends up in bed with her.

Felicia Easton's desire to runaway from the old Duke of Somerset leads to her best friend, Scott being shot. With the help of the gorgeous Mr. Ashton, Scott survives and Felicia falls head over heels for their hero and gives herself to him. Then she learns that he is her new guardian and he plans to take her to London to marry her off.

"Fluffy" is the best adjective I can use to describe this book. It had no depth and was just frivolous. While well written, it was so insubstantial that I almost put it down a time or three, but I found myself somewhat charmed by the characters, and felt I had to finish it. It's a predictable story and a bit silly, but all in all, a decent read for a freebie.

## **Dawn Anderson says**

**Loved this story.**

Absolutely loved that you didn't have just one couple but 3 that made this story so enjoyable. You have Glen the duke and guardian of Felicia. Scott and Becky and Fred and Daphne.

---

## **Stephanie Lambeth says**

Felicia is a wealthy young lady by birth. Orphaned and left as the ward of the Duke of Somerset. He tries to do right by her until her 21st birthday but life happens and his heir Glen Ashton doesn't check his mail. This book contains lots of adventure and humor because of Felicia and friend Scott. Another great regency romance by Claudy!

---

## **Judy says**

Madcap Miss by Claudy Conn

Felicia Easton has a big problem and her best friend, Scott Hanover, is going to help her out of it. She is only a few months from her twenty-first birthday and suddenly her guardian is interested in her welfare. She has done quite well on her own since the two years since her father and stepmama have passed away. She just knows the old curmudgeon is going to marry her off to someone, before that happens she is going to take control.

Glen Ashton, Duke of Somerset isn't ready to take over his uncle's position. He never planned on being a duke. Thanks to the war and his uncle's death, he has no choice. And it seems he has inherited a ward along with everything else. On the way to collect her, he gets waylaid by a beautiful woman and her brother who need his help. Who is he to turn down a damsel in distress?

I enjoy all of this author's books, but I really enjoyed this story. The characters, both main and secondary, come alive. There is a touch of adventure, danger and of course...romance.
