Promising My Love to a Boss Käixo

Fatima is the baby of her family of all girls, which happens to be the reason why her mother, Jewel, hates her, claiming Fatima's birth is the reason she's divorced and alone. With nowhere to hide, Fatima endures eleven years of abuse at the hands of her bitter mother. Her escape ironically comes by the hands of her mother as well... when she's kicked out of the house and ends up living in her car. But anything is better than living in hell at Jewel's house. With her mind messed up but made up, Fatima thinks she's alone in the Windy city, born into this world to fend for herself, not knowing everything that was beaten into her was a lie.

Also in Chicago is Torin Taylor, the youngest brother of four boys who were given away by their mother at birth. One-by-one, each boy leaves the nest to run the streets with only one goal: getting rich. Only thing is, Torin was born rich, he just doesn't know it. With the truth somewhere out there, Torin has no idea he's a wanted man... not by the FBI but one of the richest people in the world. After being caught up in a shootout orchestrated by Torin and his brothers, Fatima falls into Torin's life.

Once a loner with no care in the world, Fatima melts the ice around his heart and becomes an important part of his life. There's just one thing: his brothers think she's dead and Torin can't bring himself to tell them he secretly hid her away to protect her from them. Death brings them together but will it also tear them apart?

From Reader Review Promising My Love to a Boss for online ebook

Latoya Brooks says

Loved it.

This book was good from beginning to end. I wish it would've moved a tab bit faster. I needed some of The key events to come out before the end. Plenty of drama

Tamiko Grant says

Great read. I love Fatima and Torin together. I can't wait to see what happens in part 2 with Fatima's and Torin dad. Part 2 is a must! If you're looking for a entertaining, drama filled book you've found it.

Tisha Andrews says

An Unusual Love that's a Great Read

This was a phenomenal read and definitely not your usual hood, love story. It had drama, deceit, and possibly love as the two main characters toy around with each other although one is supposedly deceased. One click for this book and enjoy the rotation

Deborah says

I absolutely loved this book

Great storyline plenty of action and drama to to keep you interested from beginning to end. Cant wait to read the next.

Rhonda says

Good story

I enjoyed this book. I liked the characters. Those Taylors are a mess. I like the friendship between Torin and Fatty Ma. I like Travis, but I'm not sure how I feel about Tion and Tyrone. Love Fallon and the love she has for her bestie. These mamas are pitiful though. Looking forward to the continuation.

Amanda smith says

Attention getter

This story from the beginning has kept my attention I can't put the book down there are so many lies and secrets going on in this book I just hope they all play out

Ebonie Dozier says

Ayyyyyye

I need part 2 like I really don't know what took so long to start check out RHP authors because I only ever read Porsha's work because she was on LSP but baby one word #readit

Gina StyleRocks says

4 Stars

It was hard for me keep up with all the different names in this book. I also think that 18 years old would have been a more appropriate age for Fatima seeing as she was messing with a 20 year old. Nevertheless, the story was pretty good though. I look forward to reading part 2.

Mandahlay says

This was a pretty good book, how ever it took me a while to read

Heather Brackins says

This read was really good! I look forward to part 2!!

Colecia Johnson says

?????

So much happened in part 1 I can't wait to go to part 2. I wonder what Tyrone gone do when he find out of girl is the one who was singing to the cops. O and I think Fatty Ma is pregnant. Great book

Robin Perryman says

Different Kind of Thug Love Story

I am loving this story. It has just the right amount of drama and mystery. It is paced just right, giving you time to get to know each character especially since the brothers all have similar names. I really like Torin and Fathima together. They are too cute. I'm wondering why Fathima's so called friend Fallon hasn't told her that her father is looking for her yet. Is she hating? Knowing what she's been through, you would think Fallon would have told her already. Tamika and Jewel have issues. They are not motherly at all. I wonder if they know each other. It's starting to beat up now and I'm about to start part 2. I already recommend this series.

Taz Will says

This one was good because it wasn't filled with all the made-up dealing going on in the streets or fairy tale murders that even someone deaf and blind would be able to tell who did the dirty work. The Taylor guys had no respect for women whatsoever so that was a big turn off on wanting to see anything good turn out for them. I couldn't help but root for Fatima seeing what she was dealing with and all the unnecessary bull Jewel and the sister put on her.

I thought Fatin should've stayed where he was because he did little to nothing to really find her, on top of that, he just came off too scary to even be going all out like she really needed him too. Torin was such a hot head I wasn't sure if I liked his character or not adding on the way he did Karima was over the top and unnecessary. Good read, with some work needed on it but it's worth reading the next one.

Laura Taylor says

Awesome

This book was so good. Had me hooked from beginning til end. Them brothers crazy but close to each other. I don't know what to say about them mamas though. A real must read. Can't wait til part 2

Nadia Adams says

These mothers are something else !!

Tamika and Jewel should of been best friends because their mentality and thought process is screwed up.. who kicks their youngest daughter out, while the two oldest is still at home,I hope Fatimas dad takes her with him. Now Torin's mother what did she do with all that money his father sent her....Can't wait to see how it all unfolds...
