Looking Back on the End of the World Dietmar Kamper (Editor) , Christoph Wulf (Editor) , David Antal (Translator)

Looking Back on the End of the World raises provocative questions about the possibilities of critical knowledge in social systems that seem to have surpassed history.

Conor says

An introduction to many of the most "fringe" thinkers out there. Kind of a bad one though. I felt that some of the essays were more inflammatory than anything and others were a bad introduction to some thinkers. I guess neither of these stop me from loaning the book out excitedly though. I mean, how many collections of essays about the end of the world do I have to loan out?

Really.
