Susan Mallery

The Rancher And The Runaway Bride Part Three Susan Mallery

36 Hours SerialAs a devastating summer storm hits Grand Springs, Colorado, the next thirty–six hours will change the town and its residents forever....The Rancher and the Runaway Bride Part 3Time is running out for runaway bride Randi Howell. The hitmen are hot on her trail, and soon no one will be safe at Brady's ranch. Texas feels a lifetime away from Grand Springs, but going home and facing up to her old life may be the only way to hang on to the new one. Randi's days of running are over–she just hopes that Brady can face his fears about love and stop running, too....Don't miss the continuing drama of Grand Springs in Marriage by Contract by Sandra Steffen.

Cindy says

The rest of the series

I really don't like dividing a book into three parts where each part costs. This part was short and not worth the money.

Brandy says

Great Read

This was an amazing story full of Suspense and Intrigue that kept me wanting more. I Highly Recommend this book for over 18 due to content.

Sue Stewart says

this is a remake of a book from 1997 - was a good story. Did not like the 3 part concept at all. was not a long book to begin with but to break it down to short stories and then overcharge for it - what is Harlequin thinking????????????????????

Jo-Anne says

In Part 3 of The Rancher and the Runaway Bride Randi and Brady get closer and secrets come out making this part of the book exciting. The way Mallery worked everything out with the guys with guns chasing Randi added to the suspense.

Generally, I liked the book. Susan Mallery has a fantastic way of storytelling. I really didn't like the 3 parts to this book though. I would rather have the complete story at one time. I have read other books in parts like this but not often. I usually don't pick them up and will be staying away from them from now on. It looks like Harlequin started a new line called Harlequin e with the books being in parts like this one. As I said in my review for Part 2, I will be very surprised if it is successful.

Timothy Hendricks says

I finished part 3. Over all I enjoyed the story immensely.

As I said in the reviews to part 1 and 2 I did not like how it was broken up into parts especially when it so easily could have been put into one book. I will not do that again.

I enjoyed the different characters of the book. I especially like the dog that found and cared for all of the cats and moved them all around the property. I liked the suspense building up to the point where Randi and Brady run into the guys looking to kill Randi. I also like that they finally communicate to one another how they really feel about each other and what they each want. Too many people try to jump to conclusions about how another person is going to react to things without actually asking how a person really feels. That was primarily the problem that kept these two people coming together sooner.

I would like to read more from this author; but no more of these multi part books that is done in the manner this one was done.

Maria Pellegrino says

Awesome!

Rachel says

Satisfying Conclusion

I liked that Randi finally stopped running and took responsibility for her actions. I loved that her mother and Tex hit it off. I would liked to have known more about the crime and who was behind it.

Jennifer says

WOW! This was the final book in Susan Mallery's three part section of Harlequin E's first serial, 36 hours, a story told in 36 parts. As of today, all of the first parts of these books are available for free on amazon.com. So much happened in this part that I can hardly believe that it was so short! It starts out at an auction for animals and from there, ACTION PACKED! The way that it ends, it makes me think that the next book in the series, Lightning Strikes, available here <http://www.amazon.com/Lightning-Strik...>

Maria says

Evidently this is a serial story line with other authors taking up the banner, so there are intentional loose ends left dangling. A Scheherazade approach to writing and not one I appreciate since I hate loose ends and it doesn't make me want to continue to the next, since, like a soap opera, it will never end. These three parts were fun, however.

Chris says

How happiness was made

How happiness was made

Brady took Rita with to the livestock and horse show. While there Brady ran into a friend Travis that he used to do the rodeo circuit with. Travis so happens to be from the same hometown that Rita a.k.a. Randi. Randi did not know Travis so she thought she was safe with her past.

Well Brady had some information he need to share with Rita/Randi. Before they can do that after she tells him what he needed to know there was a knock at the door and nobody should've known she was there. Asking for her by her real name. It gunmen.

Does Randi and Brady make it out of there alive is there happily ever after read this book to find out.

Happy reading!

Kathleen Booker says

After Randi's secret came out, Brady almost let his fear of being left again cost him his happiness. So glad his friends made him see the light and Randi went back to fight for him. As always, love Susan Mallery's work.

Pamela says

Great story

Great story

Loved the concept of a serial story. I started in the middle so will have to go back and read the first ones. Loved the Rancher and the Runaway Bride. Susan Mallery is an awesome author and this was a great story!!! Awesome!!!!

Diana Brockelbank says

These three books were great! They described ranch life very well. Getting Rita/ Randi and Brady together was another story. Two stubborn people, trying to let go of the past-near and not so near past, that is, that they couldn't see the love that was growing between them until almost too late.

Deb Ochodnicki says

My review for the Rancher and the runaway Bride (Parts one, two and three

Susan Mallery is one of my favorite authors!! She must really have a tender heart and a great imagination. The way she makes stories up, she can keep you up all night!! Because you just don't want to put the book down. Keep writing Susan!!

Lesley says

As a rule, I do not like serials. I think books should tell a complete story, not be like a tv show. That said, I was able to get all 3 parts of this at once so I could read Susan's whole story. The romance and story of Randi and Brady were good and I enjoyed it. However, the bigger mystery and reason Randi is running is not resolved - I guess because it's part of the greater 36 hour series. Overall though, Susan does another great job of telling a good story. Since she didn't write the rest of the series I'm not sure if I'll read any of the others though.
