Ride with Me Chelsea Camaron , Ryan Michele

Two stories from two hot MC series, two couples, two motorcycle clubs.

One transport brings them together as they keep the love alive in their relationships.

Drexel 'Rex' Crews, hands down, gives his woman, Caroline 'Lux' Milton, whatever she wants, whenever she wants it. Now she wants a wedding. But first, he has a run for Crews Transports to Sumner, Georgia for the Ravage MC before he can give her the rest of his life.

Every run for the Hellions MC is full of danger and chaos, and this one is no different. Rex just needs to get it done and get home to give his ol' lady his last name.

Donavon 'Cruz' surprised his ol' lady, Harlow 'Princess' Gavelson, with a hell of a rock on Valentine's day, knowing he and Cooper are hers for life. While excited, neither is pressing to set a date for the big day. They love life and live it to its fullest, always knowing it's going to throw them curveballs at every turn.

Cruz and the Ravage MC have a huge run that requires a little assistance from the Hellions MC to split the load and get it to its location on time. While the guys are gone, Princess learns some unexpected news that will change everything.

What happens while these key players in their clubs are away? Are they prepared for what they come home to? Two clubs, two couples, one transport, and very little is the same by the end of the ride.

Couples, weddings, and babies

I enjoyed this book. It was nice to see how Princess and Cruz becoming close and lean on each other. I liked the other story too but should have read that series too to make more sense of it.

Ride With Me gives us the best of both worlds, as Chelsea Cameron and Ryan Michele gives us the Hellions MC and Ravage MC in one book. As two of our favourite couples from these clubs find their forever and the ultimate happiness. This novella will make you smile, shed a tear or three, laugh, warm your heart and give us a little more of the characters we have grown to love. It also shows us the softer side to these strong characters that sometimes get hidden from the world. If you didn't love these two couples at the start you will be their biggest fans by the end.

Rex and Caroline novella as they get married! Love it!

Wow

I can't believe I have had this in my library for so long and just now read it. I have re-read both Ravage and Hellions books more than once. This has been one of the best books I've read in a long time. Cruz and Princess are my fav from Ravage and now I know how Austin and Nox came in the fold. Rex and Lux's book was awesome. I'll happy to have read how they got hitched. I love when you two write together. Can't wait from more from you both

Great short little stories. Loved the cross over into the two clubs. Read this in a few hours. Will read more from both authors.

Carol says

In the first half of the book you get Rex and Lux. Rex is on a transport and Lux is home waiting for him. She wants to start their life with a wedding in NY. The more she thinks about it she realizes that planning their wedding at the MC is what they are all about not some fancy place. Rex is surprised when he gets home and sees what she has planned.

In the second part Cruz and Princess are getting a surprise that they hadn't planned on. When complications arise they do everything they can to make it right.

This was a good fast read. Giving you a little look into what is happening in their lives. Plus a glimpse of the future of the MC's.

loved Rex, "breaking our kiss, I growl, "I know what I want right now. You want the beast, baby?" I loved seeing Rex and Lux be so in love and I also really loved how Lux could be a tale charge girl and gets things done.

The wedding

It was nice to see how Lux and Rex finally married. How Lux realized it wasn't about where they married just that they were married

Marking this as read for the Ryan Michelle part - when I read the Camaron series to this point, will come back.

Enjoyed seeing Cruz and Princess at the end of this series as they were the couple that started the Ravage series, one of my fav series.

July 17, 2017. Finished the Camaron part of this anthology. Loved being able to see Rex and Lux married, along with the rest of the Hellions gang. Also interesting just to read about the nitty gritty associated with a regular Hellions transport company trip across the states.

Happy reading!

Rex and Caroline have always been my two least favorite characters in this series because I feel like she isn't really the right fit for the MC life. I still feel that way, case in point, she's wearing stilettos to go fishing! Who the fuck does that? Not even the most novice fishermen would be stupid enough to do that, that woman is just plain fucking wierd. I'm not saying you have to be ghetto, low class nor trashy to be part of a bikers life but come on, try to fit in, at least a little.

In any case, as annoying as Caroline's wardrobe choices may be, this short story was not bad. There was alot of repetition which was annoying as hell and I didn't see the need for, but I enjoyed it nonetheless. The nicest part, I think, was the invitation she sent Rex to their own wedding. It was worded so sweetly, it's like who wouldn't want to marry her after reading something like that?

Looking forward to the next read and the old/new/old threat from the Fury MC, that seems very interesting and we already got a preview of it in this book.

4.5 Stars

Loved it! Cruz and Princess have certainly been through the ringer but they always stick together, this short story is no different. Many readers dislike Princess because of hardcore and take no shit attitude but that's what makes her so perfect for Cruz. I will admit in her story, the first book in this series, she did things that were questionable and just flat out gross, but her character grew on me. She's a badass, she kicks ass and she's completely loyal to her friends, family and those she loves.

This short read was super cute with the not so surprising wedding, she always keeps it real, no fancy shmancy stuff. I love that their son, Cooper, actually talks like a child. Nothing more annoying than when an author writes in a character of a small child but has that child speaking and acting like an adult. Really, like a damn three year old will speak like a thirty year old. Sad and scary about everything else Princess and Cruz have to deal with but it is a real thing, preeclampsia, it's also so very dangerous but it was nice to see them stick together through all the positive as well as the negative aspects of the illness and it's outcome.

Stories from not one but two of my favorite series...yep sign me up. Loved it!

Christina Pannell says

This was good. I only read the Hellions half because it was 2 books in one. Caroline definitely listened to Rex and took what she wanted. (He's always telling her "You want it. You gotta take it Lux")

Review To Come Shortly

ValerieC says

Two short stories, one from from each MC.

Story One (Chelsea Camaron): 2 stars

I have book one in the Hellions MC but haven't read it. After reading this short story, I am not sure I ever will because I don't like the author's bad habit of putting a character's whole name including club nickname out there as soon as the character comes on the scene. That would drive me crazy over the course of a full series. I gave it 2 stars because the story was good and her dialogue is well-written. The Carolyn character is pretty bizarre and can't seem to get with the program on appropriate clothing. Part of this is on me for jumping in at the middle of a series. There was also too much ruminating over the past for my taste, and that repetition is generally a sign to me that an author is just trying to come up with enough story to fill up a certain amount of pages (historical bodice-ripper authors are the worst culprits of this practice). Just tell me once because I am not stupid and don't need to read the same thing more than once.

Story Two (Ryan Michele): 3-1/2 Stars

This is a series I am attached to, so I was happy to read this one...

This is a peek at Princess and Cruz when they are just having twin babies Lennox and Austyn. It was cute. Princess is a non-girly sort of woman having to put up with a surprise wedding and baby shower stuff that makes her very uncomfortable. As long as the other women put it all together, she can show and put up with it. I had forgotten that Nox (Lennox) was Cruz's son, too, and I was worried the boy twin had died. I was remembering just Cooper and Austyn as their kids. No matter, I liked this slice of life story and I like their series and the one about the kids, Ravage MC Bound, even more. Ms. Michelle's writing has improved a lot.
