The Dragon Prince's Baby Bargain: Howls Romance Zoe Chant

This dragon will set your heart on fire!

He's a dragon prince promised in an arranged marriage to a princess who's just disappeared.

She's a lonely virgin on vacation who just happens to look exactly like the missing princess.

Has he got an offer for her...

Prince Victor can't inherit the crown until he fathers a child on a woman of royal blood. For the sake of his kingdom, he agrees to an arranged marriage to a princess... who up and vanishes the day before the wedding.

Debbie Jameson, a virgin 7-11 clerk from Tennessee, was thrilled to win an all-expenses paid vacation abroad. But much bigger thrills are in store for her when the alpha dragon shifter Victor sweeps her off her feet with an offer she can't refuse: impersonate the missing princess, marry him, and have his baby!

It's a fairytale romance... until someone who definitely isn't a noble knight tries to slay the dragon's mate. Can Victor protect his beloved Debbie from mysterious assassins? And what happens if the real princess returns?

A wild ride full of romance, action, and plenty of humor, *The Dragon Prince's Baby Bargain* is a must-read for fans of Celia Kyle and Terry Bolryder.

Contains steamy scenes between a lonely woman who wants a family and a sexy dragon shifter who wants to make her his queen.

Diana Page says

Totally fell in love with the dragonlings at the end !! The whole story was a cute take on the Prince and the Pauper , except it was Debbie and Eugenie who ended up trading places, not on purpose mind you, but with the economy of two countries depending on a wedding, Victor had to come up with a “Princess” and get married the next day, and instead he found his look alike true mate !! Totally hilarious, very light in the sex department as Debbie is a virgin until their wedding night. 4??’s !!

Lauren says

I really enjoyed this book. I read this story in one sitting and wasn’t once bored. I really liked Debbie. I liked that she helped the little girl on the plain. I liked the chemistry between her and prince Victor. What I wasn’t a massive fan of was her naivety. Surely she knew the truth would be revealed at some point. Surely she knew she would have to be called by someone else’s name and live her life as a lie if it wasn’t revealed?! Although I had worked out who the bad guy was, I liked the twist in this story. I liked Debbie’s link to princess Eugenia. I liked that Debbie was in fact a dragon. I enjoyed seeing her truly happy and in love. I thought the epilogue and ending for this book was really cute. I liked that we got to see Chloe in the story once again. The baby dragons were so cute.

The storyline for this book is easy to follow and an enjoyable read.

Baby Bargain

Prince Victor has a real problem. He needs an heir and a royal spouse, although not necessarily in that order. Debbie won a trip and was off to be an American in Paris for a weekend. The best laid plans oft go astray, however. Victor's bride runs away and Debbie's plane breaks down in some little country she has never heard of. Surprise!! The country belongs to Victor and Debbie looks like the runaway princess.

Get where this is going? Yup, you guessed it. The author weaves a sweet romance with a stern Auntie, a strange Chamberlain, an even stranger Nanny, a purple tattoo and....well ,you need to read the book to watch the tale ravel and unravel to a climatic ending.

Bronwyn says

I received an ARC with no obligation to leave my honest review.

This one certainly ticked the fairy tale story box with events taking place super fast with insta-love.

Victor was your typical swoon worthy prince who needed a replacement bride asap. In came Debbie who fit the bill perfectly AND was a spitting image of the run-away bride.

I felt this one was very predictable with no surprises, not a bad thing sure as it made for a quick easy read. It

was nice to see that the epilogue covered quite a few years afterwards, I really enjoyed that. Super sweet and a quick read.

Monica says

Not as good as some. Lots of rushing. A wimpy Dragon Prince...not alpha enough. Hard to buy everything going on...made it unbelievable in my opinion. It had more of a contemporary feel than PNR.

Dragon Prince's !Baby Bargain by Zoe Chant

Another great story by Zoe. I loved the beginning, the middle, and the ending!! What a wonderful story of true mates found , endangered, rescued and bad guy exposed. Topped off with a great surprise ending (though I did think of it earlier in the story, at least part of it!). My only complete is of the Princess Eugina's status at the end of of the story in relationship to her status in her country? But this is a wonderful fast flowing story. Read and enjoy, form Debbie winning a weekend in Paris all expenses paid to becoming a real princess and Queen in her own right. Come on, best are you waiting for!?!

Lynn Vincent says

This is the latest book in the Howls Romance series. It is a great fast reading story about Prince Victor of Rodica and Debbie from Tenn.

Prince Victor is due to marry Princess Eugenia, the problem is she is missing. Without being married and having a heir Victor may not become king.

He runs into Debbie who is on a trip to Paris. Her flight has been forced to land at the airport in Rodica. He realizes Debbie is his mate. How will he be able to keep her when she is just an American commoner? I give this story 5 stars. "I voluntarily read and reviewed an advanced readers copy without pressure to do so".

Helen Davey says

imposter in the palace

I loved Debbie and Victor's story,

Victor is supposed to do his royal duty and marry the princess from the neighbouring lands, the day before they are due to be married that princess who is not victors mate runs away, left with a problem, if Victor doesn't marry the princess the stock market may well crash, then during a walk around his land he meets Debbie who is only there due to her plans suddenly having problems in the way to Paris, then they meet and the soulmate bond clicks into place, she agrees to marry him and she becomes the imposter princess, I really enjoyed this book, a few twists and turns enough to keep us (at least me) up till the early hours in the morning because I just couldn't put the book down, I do love Zoe Chant's books, I started reading them a week ago and I've been in bookworm more ever since, my poor husband must have forgotten what I look like without my kindle in my hands reading one of her books, I would absolutely recommend this book to anyone

who lives a good Dragon romance book

Megan M. says

A read to make you feel warm and cozy

I liked Victor's character from the start. The way he acted with the messenger left me smiling long after the scene was over. And I also felt sorry for him. I don't think anyone wants to have to settle when it comes to marriage, so to think that he would be facing a lifetime with a woman he didn't love, but would treat correctly, made my heart break. And then he met Debbie. Who was in his country by the hand of fate. It made my heart soar when they found each other. And the ending was wonderful-it worked out just how it should have. I voluntarily reviewed an advanced reader copy of this book, and I borrowed it through the Kindle Unlimited program too.

Cassandra says

My Thoughts - 5 out of 5 Unicorns - I loved it!!!

***I choose what I read and review based on what intrigues me!! Yes, I got a review copy of this book, and no one tells me what to think, feel, or write about any book! I have bought this book because I loved it, and I own most of Zoe's books!

The cover is not the usual style for Zoe's book! It is okay, but I prefer her usual :)

This is a dragon shifter book, and it does have ties to Prince Lucas from Protection, Inc. I believe this is not part of a series though. This is about 115 pages long, and it is for adults only due to the steamy content.

As Zoe Chant always does, she has a perfect mix of intrigue, betrayal, and love. I love her HEA style, and I have enjoyed every story I've read of hers. I own most of her books.

This story is about Prince Victor who has an arranged marriage. Things happen, and he needs to find a stand-in. Debbie is everything he hoped for and his mate, but she is not royalty. They have quite the journey, and you won't believe what happens until you read it! I loved this story!

I highly recommend to any shifter fan who likes HEAs that make great stories! I can't wait to read the next one to see where it take me!

Hsu Lee says

ARC - I voluntarily offered to review this book with no obligations and my opinions are honest!

Prince Victor is in a desperate need of a heir.

He will not be able to become a king w/o a heir.

He already agreed to an arranged marriage, but the princess bride disappeared.

Out of luck, Victor will have to look for a different solution.

Enter Debbie Jameson, a 7-11 clerk from Tennessee.

She looks almost exactly like the princess. They could be twins.
Debbie agreed to be Victor's fake bride.
Victor does not care, because Debbie is his mate.
He would marry her with or without a crown.
It seemed that they got away w/ it, until danger comes knocking.
When Debbie is in danger, Victor will do anything to protect his mate.
This was a very charming + sweet story.
Loved the ending

Cassie says

Victor's fiance left two days before their wedding and he now must find another. Debbie has always been on her own and determined to make the most of her vacation. One look at each other and they cannot deny it. Will Debbie be able to be passed off as his fiance? Will Victor have to give up the thrown?

Loved this quick dragon shifter read! Loved how despite Debbie's past and circumstances she was a strong woman. Loved Victor's determination to have Debbie regardless of the consequences. Great book!

Sometime says

Ridiculous, predictable plot. Too many convenient coincidences. Just all around bad.

JodyL says

Cute story

This is a cute story that reads like a fairy tale. Debbie is a poor American who wins a contest. The contest is for two days in Paris with everything paid. On the way the plane has trouble and lands in Rodica. There she is mistaken for the princess of another country. She meets Prince Victor, who is a dragon shifter. Victor is supposed to marry Princess Eugenia but she has disappeared. He doesn't love Eugenia but it an arranged marriage for political reasons. He sees Debbie and knows right away that she is his mate. He asks her to pretend to be Eugenia since she looks like her and marry him the next day. There is some conflicts, a betrayal in this book and a happy surprise towards the end. If you like fairy tales I recommend reading this book.

Linda Johnston says

Reviews

Debbie Jameson is a clerk at 7-11 virgin from Tennessee that won a contest. She gets a free two days in Paris. She is on the plane and they have make an emergency landing in a country that nobody has heard of and have to stay overnight. She gets a cab to take her to a hotel and everybody is looking at her strange. She gets up the next morning and go looking around. While she is walking around she runs into Prince Victor

and he realized that she is his mate. He was suppose to a Princess but the girl ran away but Debbie looks just like her that she could be a twin. He has to marry and have a baby before he can become the King. So he ask her to marry him and have his baby.
