## **Broken Hart** Ella Fox

Sabrina Tyler is head over heels in love with her boss and best friend, Dante Hart. She thinks that Dante has no romantic interest in her but she's wrong.

Dante doesn't believe in love or commitment or any kind. Sabrina has gotten under his skin, but Dante has no intention of acting on it.

One wild night changes their relationship forever, but Dante lacks faith in love and doesn't believe in Happily Ever Afters.

Can Sabrina break through and fix what's broken in Dante Hart?

## From Reader Review Broken Hart for online ebook

**Crystal~BIG book addict~ says**

2.5 Stars

---

**Vika aka ? of GIF & Grumpy Smut-ateer \*P/T Freebie Fairy says**

Sexy sexy book! The sex so hot and so much of it that it makes me purr in satisfaction.

That is all I am going to say as it is hard to type put a proper review on a phone with a somewhat spotty service.

In short, delicious read and highly recommend.

---

**Catherine says**

There was a lot of sex in this book. I mean A LOT...and I liked it!

BTW, I put the next book's release date on my calendar. That's commitment, people.

---

**Tink Magoo is bad at reviews says**

If there's one thing I can't stand in books it's when names are repeated over and over. Well! There are 221 pages in this book and the name Dante is used 467 times!

Seriously, why do we need to have his name in practically every sentence! **NO NO NO NO NO**

I could have enjoyed this book if it wasn't utterly ruined by the repetition. The sex was pretty hot and the whole group dynamic was good, but it couldn't redeem itself - at all - even a little!

**"That's All" Ash says**

## **Dilek VT says**

**0, 0000000000000001 star, I mean whatever the lowest mark is possible.**

I am really sorry to express it this way but I have never read anything worse!

This is a perfect example of how badly a book can be written and it clearly exemplifies why some people should never write.

And I apologize if this sounds hurtful but this is my personal opinion and this is the kindest way I can put it into words.

**A ridiculous writing style** (if it has a style whatsoever)!

- \* Its tone is like an elementary school student essay.
- \* It is full of reported speech and feels like the bad version of a summary of a book.
- \* There are scarce dialogues.
- \* It needs serious editing.

167 pages told by the heroine.

**Everything happens like a bad joke to my IQ!**

There is no build-up or a transition from "being boss & assistant" to "two people f\*cking each other". It all begins with "a foot massage and a lick on the leg" while they are watching a movie in a friendly way.

The hero asks this question: "*I want this, do you want it, too?*" She says yes and then, we are presented their first sex scene, which is (*well, think of a bad porn and then imagine something even worse*) really distasteful and unbearable for me!

So I dropped it at 20%, in the middle of Chapter 5, just after their first cheap porn scene.

I am deleting the whole series! If you share my taste in books, please don't waste any time on this!

## **Jamie \*Gypsy Smut-a-teer\* says**

OOOMMMGGGG!! This book was so hot!!! DANTE, swoon!!! The only thing I wish was different was the book was a little longer. I would also like to know a little more maybe in another book about the rest of the characters!! Anyhow, the book was hot, I loved the story line, and I loved all the characters!!!! I F'ing loved this book though!!!

---

## **Jamie says**

### ***5 SEXY PANTY MELTING STARS!!!!***

*I absolutly cannot BELEIVE that this was Ella Fox's first book!!! This woman knows how to throw down!!! Damn!! In one of my updates I stated that if it were ever possible to get knocked up by a book then this book would be it.. On a scale of 1-10 on a HOT level, this book would be a 20..seriously..*

*Although there was a lot of hot steamy panty melting sex... there was an awesome true love story too... Dante and Sabrina--- Friends for a couple of years and working together (Dante is her boss), both secretly attracted to each other an wanting to get their claws into each other for so long but neither willing to cross that line.. until one night when neither could deny what had been simmering beneath the surface for so long...*

*Once they give into what they have been wanting for so long.. it fireworks*

*Now.. if they can just hold on to the all consuming burn before the fear of commitment spooks Dante and tears them apart....Sabrina has her hands full and sets out to convince Dante that the burn they have for each other will never burn out and will last a lifetime...*

---

## **Isabella Francesca says**

### **Rating: 3.5 stars**

First and foremost, this book has A LOT of crazy sex scenes. *I just need to get it out there.* I mean seriously, every friggin chapter has at least 1 or 2 love making scenes. About 80% of the book, the characters are doing it... which is absolutely crazy.

At first, they're like:

which means:

and so it's all:

And the we all know what happens next....

YEP. So that how it basically goes. They're like freaking rabbits or monkeys.

The only thing I noticed was that I didn't see any character developments in the story. I was not convinced with the hero's feeling towards the heroine. The ending for me felt like it was rushed. One moment, she was going away since she needed time to think about their so-called relationship and then BAM they were okay and the guy proposes. I love happy endings but sometimes for you to believe it's a happy-ever-after-kind-of-love, you wanna see both of them grow first and make them realize that they should be mature enough to fight for their love/each other. *Right? Right!(I sure hope I made sense. LOL)*

**Overall, I like reading the book (*seriously, the sex is insanely hot!*) and I cannot wait to read the rest of the series. ;)**

---

### **Camfaz says**

The short version we have Sabrina Tyler who is in love with her best friend who also happens to be her boss Dante hart and reckons he has no interest in her because he doesn't believe in love or commitment of any kind and seems to have a bevy of "Dante bots". That's how far i got into the novel as i could not care less whether or not this relationship was doomed or not.

Am bitter as hell, because this was one of those instances i ended up judging a book by its cover and what i got was a writer who just over described every single detail and the book had so many grammatical errors by page 13 i gave up editing the book and called it a loss.

For example in Page 5 when Sabrina describes getting the job with Dante Ella writes "I was thrilled when i was got the job". Then she goes on to page 12 and writes " They doesn't do it in-front of me and the girls" and continues on to page 13 with " I blow my hair dry". What the heck?

Call me harsh, i don't care...but seriously...come on.. Am going to be giving this series a skip.

### **Aure `Reading With The Dark` says**

**More from me on**

**3,5 stars!**

*Very, very HOT read. Lots of sensuality and sex*

So.

I liked it. Didn't loved it, but it was OK.

Why just ok? Well, I need more story line, more actions not just porn for your imagination. Although I can not say that I haven't enjoyed it very much. I did!

And what I hated the most was "the dirty-talk". 90% of it I was just rolling my eyes or face palming, sometimes eve laughing out loud, cause really.... What normal person can be 110 percent in to the lust mode doing "acrobatics" and at the same time make full, correct sentences of a dirty-talk???

In the beginning it was funny at how unnatural it all sounded, in the end it was just annoying .

I'm sorry but I can't imagine a man inside me, at the intense moment of doing .. *that*, and then he'd stop (while still inside me) and begin explaining how he feels right now, in full 5 or maybe even 7 sentences. (???)

[image error]

I guess the ending was fine... A bit too sweet for me, too naive for my taste. I like HEA.. but this was just so...\*eye-roll\*

---

### **Alla says**

Will write my review and rate it when I have finished the whole box set. I want to review and rate them all together since for me each book is a part of the other and if you read the first one, you have to read them all to get the whole story for all the characters.

---

### **Lindsey says**

One maybe two very "I'm totally in the minority" stars!

This was one of those books for me that had amazing reviews from most of my friends, so the entire time I was reading it I kept wondering if I had a different version than everyone else....

Sabrina...

She was oblivious to how Dante felt about her, and not in a cute way, in a "seriously, you're an idiot way."

Dante..

He was supposed to be alpha, and yet came across as a spoiled cry baby. \*\*That may be a bit harsh, however not at all exaggerated lol)

All in all this just seemed to be all sex with nothing else to back it up.

---

### **Lisa Jayne says**

I can't deny that I adore a friends to lovers story. This book delivers that genre to-a-tee. However I doubt that any reader will find anything original with this story and it did have some moments of 'cringe' BUT that being said it is a simple well written Romance short novel with plenty of smut to boot.

Steamy and sweet this story is an all round easy read, with a likeable family and great female heroine who knows what she wants and falls in love with her best friend. The story is told from her point of view so it goes without saying that the reader can easily connect with her, but the author also does a good job of keeping you connected with the male hero.

Thoroughly enjoyable not too deep. The story develops nicely and ends as all true romance should.

Warning this book has a blush factor factor of huge proportions, romance friends to lovers meets instant chemistry that carries on right through the book.

I'm sure I'll read the follow up stories surrounding the Hart Family, and I would recommend if you need a book to be easy, steamy and a relatively short, predictable read.

4 ish stars

---

### **Jill LeFavre says**

First, I want to give high marks to Barnes and Noble for having self published authors available. After Fifty Shades, I really got in to romance/erotica, and I've actually had better luck with self published authors than I have with anything currently in the mainstream- with the exception of "Bared To You" by Sylvia Day- but since that also started out self published, I guess it helps to make my point.

Anyway- back to this book.

Broken Hart is a love story, and a good one at that. I connected immediately with the characters. They were well conceived and I liked that the relationship wasn't a rush job. (which is my only issue with 50 shades)

Sabrina and Dante- and their families- felt real to me. I was invested in the story. These are people I would know in real life.

The sex scenes in the story are ON FIRE. Just a total wow. I've read the book twice in the last week, and I am now anxiously waiting for Dante's brothers story.

If you liked Fifty Shades and Bared To You, you're going to love this.
