**Journey to the Afterlife: Comforting Messages & Lessons from Loved Ones in Spirit** Kristy Robinett  
**True Stories from the Other Side Lessons, Warnings, Wisdom & Joy**

*Journey to the Afterlife* reveals the true nature of heaven, hell, and the in-between from spirits who are there. Join Kristy Robinett as she shares soul-stirring messages from her many years of practice as a professional psychic medium. This book answers the most persistent questions about the afterlife, showing what kinds of lessons are learned as spirits evolve and grow in light and peace. Have you ever wondered what heaven is like? Or how a child's experience of the afterlife is different than an adult's? Is there such a thing as hell or purgatory?

With dozens of moving case studies and remarkable examples, *Journey to the Afterlife* shows how our loved ones are given the opportunity to grow and find happiness on the other side. These messages are a great comfort to Kristy's clients, and they will touch your heart while helping you move forward on your own personal journey.

This book was very good. Great stories, seamless writing. If books on the afterlife is of interest to you, get this book. You will not be disappointed. Thanks to NetGalley, the author and the publisher for the ARC of this book. Although I received the book in this manner, it did not affect my opinion of this book nor my review.

It seems apropos that I should finish a book on the afterlife right on the cusp of the season most associated with thoughts of the other side-- on a cool, cloudy day just before the autumnal equinox.

I thoroughly enjoyed this book by Kristy Robinett, a Michigan psychic/medium who counsels both the living and departed following a physical death.

I discovered Robinett on the Paranormal Podcast, where she gave an interview that touched on several of the fascinating stories in the book. I was enthralled listening to the show, and I bought this book right away after listening.

It was a good buy: right as I started reading the first page, I was hooked. Robinett's stories and her keen perception of human energy -- whether from the living or dead -- seems incredibly believable. If it's not, she is an exceptionally talented fiction writer.

But, I highly recommend this book to anyone -- including, and maybe most especially, to nonbelievers and skeptics -- who is curious about what happens during and after death, and what becomes of the emotional and spiritual ties to loved ones on either side of the veil.

Robinett's experiences are touching, sometimes terrifying and always mind-blowing.

Her insight into connections to loved ones across time and space come as a surprise much of the time, but also make a certain amount of sense. Much of Robinett's stories are of serving as a counselor and helping both the living continue their lives and the departed progress their own work in the afterlife. And yes, there's work -- plenty of it, as people cross into paradise (who knew?!)

Reading about her interactions with clients and her impromptu meet-ups with spirits (which happen to her pretty often), I felt a sense of peace and comfort, so I can only imagine all the good she's done in her career. Her stories will make you question what you believe or thought you knew, but anyone who reads this will

come away with a new feeling of appreciation for what it means to be alive, and how consciousness transcends what we often think of as psychic barriers.  
A great read for the Halloween season.
