Cards of Love: Ace of Swords Nora Flite

Enemies to Lovers crash together in this forbidden romance from USA Today Bestseller Nora Flite!

Smart men don't sleep with their boss's daughter.

It's one of the easiest rules.

There are no late hours spent pouring over data or carefully gathered notes to decide if, for sure, you shouldn't grab hold of that forbidden woman.

That you shouldn't ache to kiss her.

To make her scream your name.

I'm a smart man.

So why didn't I follow the rules?

A wicked and filthy novella perfect to warm up your kindle! No Cliffhangers, enjoy your HEA!

Amanda Katherine says

I've read Nora before, and each time I sit down with one of her books I know I am in for steamy treat, this is no different.

A steamy, cat and mouse novella standalone, Ace of Swords is another great installment from the Cards of Love series. Following the back and forth of Rolland and Tatiana, both chained to different masters, each brings the heat that you can't help but want between them. With a dash of suspense, you will be flying through this to get to the end... HELLO MILE HIGH CLUB!

Don't miss out!

Marnie says

Another hot bite sized novella from the Cards of Love series.

Wow, I'm quite addicted to this multi-author series, and Nora Flites' novella is a steamy tale of back and forth between a man driven to complete his planned career path in earning the trust of a hard working billionaire, and trying to steer clear of the man's gorgeous daughter intent on getting to know him a lot more intimately!

I loved the characters of Rolland and Tatiana, and even Sergio, respective boss and father. He's generous and protective to a fault, but who knows how he's going to react when one of his employees is thinking about stepping out with his daughter behind his back. Add to that, Rolland has just discovered that not all is right within the firms' accounting files.

Hot and fast-paced with a side of suspenseful action, Ace Of Swords is another novella in the Cards Of Love series that I really enjoyed. 4.5 stars.

Cards of Love: Ace of Swords

by Nora Flite was a steamy, hot, sexy novella Ace of Swords was another FABULOUS, FUN read from the Cards of Love series. Following the forbidden story of Rolland the accountant and to Tatiana, the bosses daughter.

"Smart men don't sleep with their boss's daughter."

Rolland and Tatiana's forbidden tale is a sexy, fun, fast moving, story that I enjoyed.

I voluntarily read an advance copy. This is my honest review.

Linda Barrett says

Im loving the Cards of Love series and this is one of my favourites so far.

Ace of Swords is a fast paced 4 star novella.

Rolland and Tatiana's story had me binge reading all of it in a couple of hours and thoroughly enjoyed reading it.

Their story of Insta attraction and giving in to temptation when you know you could loose everything kept me glued to my kindle.

Ace of Swords is definitely a buy/borrow asap novella.

I loved the last chapter as she was finally able to spread those wings and fly away and make a difference.

Beth says

not my fave from Nora ...but still totally has her style and it is steamy. from her my fave would probably be her Royally Bad series or Peacock, which was my 1st read every from her. totally pulled me in and i knew she was a great author and would be back for more and more. hot and steamy-ness that is her style. sold! (;

Completely Satisfied

First time reader of Nora Flite and her writing is spectacular. For the tarot card, Ace of Swords, you get the full meaning and the energy. She describes the characters in layers, gives the build-up and ends with a heady crash that's completely satisfying. I'll look for more books by this author in the future.

Xerxia says

I knew going into this that it was a novella and yet I'm still somehow surprised that there wasn't enough character development or plot to be satisfying.

Jocelyne says

This book is part of the Cards of Love Series (written by different authors). I haven't read the other books in the Series yet. I loved Rolland and Tatiana's story. They share an undeniable chemistry. This novella, beautifully written, was hot and fast-paced. Nora Flite never disappoints. I voluntarily reviewed an Advanced Reader Copy of this book.

Juliette LoCasale says

Loved it! This is the first in this series that I've read. I hope they're all this good.

Snow says

Smart men don't sleep with their boss's daughter.

Forbidden romance is always thrilling just because it's forbidden...or at least, that's how it's supposed to be, right?!

Here, the whole story was a bit weird, in the lack of another word, I can't really pinpoint what I found awkward, but for me the general impression was that it had no thrill of that "forbidden" vibe...at all :/

and the main characters, both of them, were kinda meek... *shrugs*

Fran Auq says

Smart man don't sleep with his boss daughter lol

This book is amazing!

Following in love is uncontrollable, that's something he was not expecting when he saw his boss daughter seating in her patio.

Their relationship is prohibited, but their love can't be broken.

They fight for love and build their Happy Ever After

Joy Westerfield says

Sometimes when you read a novella you never know what you are going to get because of the length, but with this story, you get everything! The story of Rolland, accountant for an important man, and Tatiana, the daughter, is steamy and entertaining. Rolland knows he shouldn't mess around with Tatiana, but after meeting her, he doesn't know how to stay away. And Tatiana doesn't make it easy on him. She has led a bit of a sheltered life and wants adventure. Can she find that with Rolland? What would her Father do? If you want to know, then you must read this novella!

Heather Andrews says

Tatiana likes to tease her man and honestly Rolland needs that in his life, "jet lag, Rolland," she replied, turning her body to me and stroking my cheek. She continued in a whisper, "I'm the worst. I'll need to spend

at least twenty-four hours in bed. Probably naked. Would you keep me company?" I liked this quick read.

Jackie D says

Dangerous Love

What happens when the accountant falls for his powerfully influential bosses daughter?

A dangerously sexy, twisted game of seduction, embezzlement, breaking free and finding love!

Rolland and Tatiana's forbidden tale is a delectable fast moving, ride!

A perfectly naughty addition to the Cards Of Love Reads!

The Ace Of Swords is worth checking out!

Catherine says

I loved this addition to the Cards of Love series. The characters were well written and the plotline developed. And, as this is a Nora Flite novel, the heat level is right up there b/c Rolland and Tatiana are drawn to each other like moths to a flame and their chemistry is off the charts (despite Rolland trying to keep her at arms length). What happens when you can no longer fight Fate? You jump right in with both feet and your whole heart. Definitely check out this book!
