Mr. Cowboy Ivy Jordan

Most women don't expect to catch their boyfriend cheating on them. And even fewer expect to catch their boyfriend cheating on them with another man. But that is exactly what happened to Charlotte when she left work early one day.

The betrayal hit Charlotte hard, and had her swearing off men for life. But then Tracy, her best friend, decided to introduce her to Owen.

For Charlotte, Owen was the kind of man she didn't think existed anymore: strong, rugged, and virile. And while attraction was instant, there was something else there too. The start of love, perhaps?

But no. After their first night together, Charlotte awoke to find herself alone, no one at his ranch but ranch hands. And things just seemed to go downhill from there. Still, there was something tugging at her. And, as it ends up, at Owen too. Will these two manage to overcome the obstacles and discover what they can have together?

Michelle Fortune says

This book is short and sweet. You immediately hope Charlotte and Owen end up together. Both are wounded souls that heal each other. You really see how miscommunication can cause problems and it is always better to communicate with each other to make things work. I voluntarily chose to review a copy of this book.

Lynette says

Quick easy read.

Charlene says

Way to easy to put down.

Nate says

I voluntarily reviewed an Advance Reader Copy of this book. I fell in love with both Charlette & Owen. It was the perfect story. Wow!! Very sexy & had me on the edge of my seat. Wow. This is a new author for me & am very interested in reading more of her books. Loved it!!!!

Cowboy Hot

Damn ! Hot and Yummy . This sexy cowboy Owen just made my heart melt and my insides tingle . ? I would definitely recommend this read . Tracy was a good friend and cousin to Owen . Both Owen and Char were hurt before and with them being together help them overcome the hurt and love again. And a baby good for them . Good job author.

Barbara Quintin says

Enjoyable, simple story.

Colleen says

Bonus story included in SEAL Mountain Man.

Simone says

3.5 stars

Kerry Boulanger says

I received this book in advance for an honest review. Loved it! Charlotte's best friend sets her up with her cousin Owen, a rancher/cowboy. Sparks fly and passion flares. Miscommunication causes problems when their own insecurities tear their ugly heads. Hot and sexy. Great read.
