### **She Fell In Love With A Hitta** Antoinette Sherell

Gi'Dore 'Gigi' Reid is in love. The only issue with that is she may be loving the wrong person. When she finds out a truth that hurts her to the core, she allows her feelings to affect more than just her love life. So much so, it costs her the pampered lifestyle she's accustomed to. With no money or assistance from her parents, she learns the truth about love and life the hard way.

Twin brothers, Achilles and Adonis Heart, are heartthrobs who can't seem to get their love life in order. Achilles is considered heartless and callous, but the truth is that he has no idea how to love. Even though he's certain that he wants to work things out with Gi'Dore, their love is so toxic there may be no hope for repair.

On the other hand, Adonis is a ladies man but still deeply in love with his longtime girlfriend, Teagan. Terrified of monogamy but knowing he wants to marry her someday, he attempts to stop his cheating... or at least slow it down. Unfortunately, it backfires in a way he never expected.

Love is everything but predictable, and with these three... you never know what you're going to get when their hearts are on the line.

**Hmmm**

I don't want Adonis with Criss and now she's probably pregnant! I'm so mad that GiGi has to deal with this mess with Black. I like her with Rico but I know Achilles has her heart.

**???????????**

Mannnnnnnn!!! These ppl got some straight issues ????? I don't really like Achilles and I was kinda annoyed with Gigi. I loved how Adonis was protective over Gigi, but he needed to get it right with Teagan. I don't know how I feel about Rico but he's a good man to Gigi. Honestly none of them need to be in relationships, they definitely not ready?? please let someone find Gigi before it's too late. Can't wait to see what happens next.

## **Donta says**

### **Loved it**

I am reading this whole catalogue. Teagan is going to leave Adonis if he not careful. I hope someone saves GiGi because if not Achilles is going kill everybody  
On to part 2.

### **Dumb Twins**

I'm glad Teagan not taking any of Adonis sh\*\*, Teag an is so sweet and really love Adonis,smh. I hope he miserable when she cuts him loose like she said but we'll see how long that last I hope she at least give Keegan a chance even if she gets back with Adonis. Criss so desperate she still let him treat her like the Joe she is right along with him and Adonis a fool, he go regret dogging Teagan if she moves on. Achilles don't deserve Gi'Dore back however the heart wants what it wants. But I kinda think GiGi prego by RICO, but RICO seems to good to be true.

## **Michelle says**

It's amazing how Adonis was protective of Gi'Dore but couldn't be true to Teagan to save his life catching feelings for Criss may cost him his one true love. Teagan isn't going to let Adonis treat her any kind of way. Gi'dore has been in love with Achilles since she was young and the love won't go away even after he does the unthinkable they love never dies. She finally gets feed up and moves on but Achilles can't live his life without Gi'dore what will happen when they find out what black has done to Gi'dore? Where is Rico I bet he has secrets too. Hurry up part 2.#1031

### **Childish**

So Gidore story line reminds me of her parents. Achilles is doing the same thing her dad did to ginger. I understand her loyalty towards Adonis but she's being fake around teagan. Everybody screaming their grown but still acting childish. How you still allow someone to come back in your life after they called you out your name and dragged you and slapped you is beyond me. Yes love is there but enough is enough. So it was an okay read.

#### **So many questions**

I'm going to need her to come up off of part 2 ASAP! Just when I thought It couldn't get better then Liberty & Legacy here she come with these two! I have so many thoughts and opinions. I can't wait to see if I'm right. I see pregnancy's but whose? Is Gi ok? I've got to know she play too much? What choice will Adonis make? So many questions? She definitely did that

#### **Good Read**

It was so much going on and I couldn't stop reading it. It kept getting better and better. I don't know about Achilles and Adonis, they're something else. At first, I wasn't feeling Achilles, but towards the end I saw a different side of him. Now Adonis it's crazy how protective of Gi'Dore but cheating on Reagan. One thing I like about Teagan she isn't taking any of Adonis mess. Achilles, wants Gi'Dore back now and willing to do anything to get her back. I sure hope she's okay and Black don't hurt her. I know it's more to Rico than we've seen, I'm sure he got secrets. After those last two chapters I can't wait to see what happens next. Good job Antoinette Sherell.
