Bella Mia Mandy M. Roth

The sins of our past are never far behind...

On the run from two men who want her, Gwyneth Stevens finds herself at the door of a third-Giovanni Baldassare, master vampire and former henchman of her father, the King of the Dark Realm. When Pallo and Caleb resurface, all hell breaks loose and old habits die hard. Out of time and places to hide, Gwen must face her destiny head on if she ever hopes to find happiness. Can the triangle of lovers make welcome a newcomer, or will the group succumb to old enemies resurfacing and centuries-old grudges, allowing history to repeat itself?

Whitney xavier says

she found her soul mate

Natasha says

In Bella Mia (the final book in the Daughter of Darkness trilogy), since Gwen is on the run she is staying with Giovanni Baldassare. She's still unsure of her feelings for Giovanni and hopes to find out her past life with him and how things really ended. Also Pallo and Caleb resurface and it seems there's more problems than ever before. It's hard to explain without spoilers but I have to say that this is an amazing book with so much emotion that it really makes you get into this book and feel for the characters. It has great twists and turns and the lusty scenes and perfect!

Bella Mia is a fantastic addition to the Daughter of Darkness. I was hooked from the first book, I couldn't stop reading. I love the characters and even though the book has lusty scenes and Gwyneth Stevens has different lovers..it's not the only part of the story. She has many great relationships with her friends who help her when she needs it most and I cannot wait to hear more of their stories. The constant mystery that has to be discovered throughout each book is fun and fast-paced. The only thing was I was disappointed that there weren't more in the series. BUT, there will be more books branched off some of the characters..so I'm very happy about that.

On the run from two men who want her, Gwyneth Stevens finds herself at the door of a third-Giovanni Baldassare, master vampire and former henchman of her father, the King of the Dark Realm. When Pallo and Caleb resurface, all

hell breaks loose and old habits die hard. Out of time and places to hide, Gwen must face her destiny head on if she ever hopes to find happiness. Can the triangle of lovers make welcome a newcomer, or will the group succumb

to old enemies resurfacing and centuries-old grudges, allowing history to repeat itself?

Kelly Berry says

My favorite of the trilogy! Loved it!

Debbie Chittenden says

I can honestly say I didn't see this one coming. Whoa! But I can see how this is a perfect twist to predictability.

Bitten_by_Books says

Bella Mia, the final book in the Gwen Stevens trilogy, opens with Gwen living with the vampire Giovanni on his estate in Tuscany. Giovanni has offered Gwen a safe haven after she fled the Dark Realm, Caleb and Pallo. Giovanni has kept the estate updated with things Gwen enjoyed during their initial relationship, several hundred years ago...

This was by far my favorite of the three books in the series. It had less conflict and a little more action. We get to meet some new characters and a new type of supernatural creatures. The plot was very interesting although I was afraid I wouldn't like it as much as the other books because I just wasn't sure how I felt about Giovanni. Let me just say that I do like him although I think James is still my favorite character. The one thing I was disappointed in was that in the second book we found out that Gwen is a shifter but it is never mentioned in this book.

It is obvious that Giovanni really makes Gwen feel at ease and relaxed around him and in his home. Gwen's character I think was developed a little more. She seemed to mature once she was away from all the bickering. He also gives Gwen her space when she needs it and respects her wishes. She needed to get away from the fighting and constant drama. Once she gets away from Caleb and Pallo she seems stronger and not so much of a slave to her desires.

The plot is still interesting in this final book. It is obvious that someone wants Gwen dead and they always seem to know where she is. We are introduced to a new creature an omnimorpheleon. They are shifters that are hybrids of different animals. Gwen is attacked several times by these omnimorpheleons but not all of them are bad. I like the direction the story went in this book again it kept me interested and reading.

The characters in this were a little different. Pallo is still about the same as he has been sexy but angry. Giovanni is in this book a lot more than the others and we learn that he is not evil like we had been lead to believe. Gwen calls him the Italian Stallion!! He is over 500 years old and really loves Gwen but allows her to breathe instead of constantly pulling her in several different directions like Pallo and Caleb do. Caleb in this book has changed. He is drunk and hateful for the first and middle part of the book. Right at the end he finally shapes up but until then nobody wants to be around him.

The ending was great. The author tied up all the loose ends for the reader and gave it a happy ending without

it being ridiculous. We find out the reason that Gwen was torn between the different men. We learn quite a bit about her past but it wasn't overwhelming. She learns more about her parents and their family. She meets her uncle who is the one who tells her most of this.

All in all this series was definitely worth reading. I enjoyed the story as well as learning about the characters. I recommend this series. I will read it again in the future sometime.

Shanna says

I loved the first two, but this one just dragged- especially at the end.

Melissa J (Book Addicts Reviews) says

Such a good series. Read all three in one night and they weren't short reads. Couldn't put them down and this book was my favorite by far. I was rooting for Giovanni the whole time not sure why. Just loved how the story turned out
